Our Wolstanton showhouse is now complete

" It was truly amazing, all the products I wanted to try were in a real home!"

Betty Jimenez of the Westlands - Castle Comfort's first showhome visitor.

The atmosphere of a shop or showroom can be a little intimidating. So we had an idea. We are finding that to try chairs and beds in our very own townhouse equipped with Riser Recliners and Adjustable Beds (plus an Acorn Stair Lift soon, we hope - how about it Chris?) gives a real feeling of comfort. The Bathlift, of course, is set up in

a real bath - and if necessary we can heat up the water before you arrive, you'll have to bring your own towel - but definitely not coffee or tea bags - we're well stocked up in that respect. Visits to our showhome can be evenings or weekends if preferred (just like to the showroom) but please telephone us first.

Star supplier is monotonously good!

Naturally we have little patience with any manufacturer or supplier that gives us anything but a first class service. But with each Clarion issue will come a vote for the current STAR SUPPLIER. Two or three firms have gone a long way towards catching up on the last no. 1 spot awarded and a new

company that we have been dealing with for 3 months is really going strong... but... here we go again ... Hotspot nomination - PRIDE MOBILITY (Simon and team, can you please make some mistakes, it's getting monotonous!)

Part-time Job Vacancies at Castle Comfort Centre

RETIRED/MATURE PEOPLE ONLY

CCC will soon be needing several helpers to staff our instore promotions (for one off periods) such as at Morrison's stores in Newcastle and Hanley. This will involve staffing the display, inviting interested people to have a price list and distributing copies of the Clarion. The work is enjoyable and satisfying - there are no high pressure sales. The company has a policy of employing older rather than younger people. No smokers please!!!
